The second discovery was made by Lucy McKillian. Amos..after all, their views are the same as his own..In the morning Brother Hart rose, but his movements were slow. "I wish I could stay," he said to his sister. "I suppose you'll be anxious to go to the ship," he said. "You're going to be a tremendous help. You know so much of what we were sent here to find out. And you'll be quite famous when you get back to Earth. Your back pay should add up to quite a sum." "You." She points at me. "Here." She indicates the rock face. The words are simple commands given. "That's just what I mean. You import Earth forms now, and we'll never tell the difference." She frowned. "You mean quit running together?" "I mean quit everything: running, swimming, practicing. . . ." "Quit practicing?" Her face set. "I can't afford to stop practicing. Gordy, it's time she doesn't use. She hasn't missed it before, and if I'm careful not to let her catch me out again, she'll never miss it." I shook my head. "You're breaking an agreement." "I'm not taking over, though. You know that's just a paranoid fantasy. I use only enough time for practice and no more." I sighed. "You seem to have all the best of it." She snorted. "I wonder. Do you have any idea what it's like being locked up in her head for six months, continuously aware but able to do nothing? If I couldn't get out for a run once in a while, I'd not only get flabby, I'd go mad." She bounced out of the chair and came over to lace her fingers together behind my neck. "What about you? It's three months until January. How can I give up seeing you for three whole months?" Jain goes into her final number. It does not work. The audience is enthusiastic and they want an encore, but that's just it: they shouldn't want one. They shouldn't need one.. After all, which group is trying to escape from life? Reality is horrible and wonderful, disappointing and ecstatic, beautiful and ugly. Reality is everything. Reality is what there is. Only the hopelessly insensitive find reality so pleasant as to never want to get away from it But pain-killers can be bad for the health, and even if they were not, I am damned if anyone will make me say that the newest fad in analgesics is equivalent to the illumination, which is the other thing (besides pleasure) art ought to provide. Bravery, nobility, sublimity, and beauty that have no connection with the real world are simply fake, and once readers realize that escape does not work, the glamor fades, die sublime aristocrats turn silly, the profundities become simplifications, and one enters (if one is lucky) into the dreadful discipline of reality and art, like "In the Penal Colony."
